

Alexander Street Improvement Curb and Gutter Specifications

All materials for the curb and gutter are to be per 2008 WSDOT Standard Specifications for Road, Bridge and Municipal Construction, Current Edition, Section 8-04 for construction of a concrete curb and gutter. Only the curb and gutter for a driveway entrance are to be included for a concrete driveway entrance so the above mentioned specifications cover those as well.

See F-10.12-00 Cement Concrete Traffic Curb and Gutter at:
