

TOWNSHIP-DUNLOP TRAFFIC CIRCLE

The purpose of the traffic circle is to slow traffic down through the intersection.

Township Street

The traffic heading north or south on Township is NOT required to stop at the traffic circle but may proceed around it and continue on or, when conditions are safe, make right or left turns.

Dunlop Street

The traffic circle here differs from a roundabout in that the traffic on Dunlop is still controlled by STOP signs. This traffic must stop as before and proceed when conditions are safe to do so.
