To Whom It May Concern:

This letter is in support of a proposed annexation of the Northern State Hospital complex property parcel by the City of Sedro-Woolley. With reference to the provision of fire and emergency medical services, we believe the City to be better equipped and much more strategically located to provide those services.

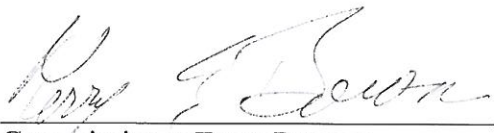

As the City currently contracts with the State of Washington to provide fire and EMS services for that particular property, the annexation should not result in any immediate adverse impact with regard to increasing call volumes for the City or delayed response times to the emergency scene.

We, the Commissioners and Chief of Skagit County Fire District 8, hereby proclaim our full support for the annexation referenced above.

Respectfully,

Chairman, John Ruthford

Commissioner Terry Bowser

Commissioner Jim Kennedy

District Chief Rusty Feay
