Hello City of Sedro-Woolley council members,

I will not be able to attend your council meeting tomorrow evening, but I wish to submit my testimony. I don't live in the city limits, but I am a constituent of the partial rural library district known as Central Skagit Library.

It is my wish to see you approve the collaboration and move forward on creating a contract and the eventual ONE library, for both the city and the rural area that is the same as the SWSD boundaries. I believe this collaboration will be in the best interest for people in and out of the city limits. It will be the best use of our combined resources and be the best library and learning resource that can be made available for all of us. an affirmative vote for this collaboration will be one that will benefit us all for decades to come. You will be making history for the betterment of our combined communities.

Thank you for your commitment to your community and the work that you do. Thank you also, for voting YES!
