

## FAQ for the Recycling Program

**Why is my cart a different color?** We have chosen to save money by purchasing used carts. The carts we choose are green with a green lid.

**My cart looks smaller?** Toters come in different shape and sizes, had some that were 68 and some were 95 gallon. If you had a 95 gallon and were filling it we will give you 2-68 gallon. We will be looking to make adjustments and add the 95 gallon to our inventory in 2016.

**Will I get billed extra if I want an extra recycling toter?** No

**What days is Recycling picked up?** On your garbage day, for instance if your garbage is picked up on Tuesday your recycling is picked up on Tuesday

**Why is the City now providing service?** The city council has chosen to have the garbage and Recycling dept. provide this service in house to provide excellent customer service and keep your rates low.

**What are the rules for recycling:** [CURBSIDE RECYCLABLES LIST](#), shall be loose, not bagged, and includes the following:
