

## What do I do with...?

**Due to changes in market conditions we may charge for taking used oils.**

### **How do I dispose of used motor oil?**

As part of our recycling program we will accept up to 5 gallons of used oil per person. Use 5 gallon (or smaller) oil containers. Throw away your container in designated Garbage can.

### **How do I dispose of other types of oil?**

Our recycling site will take other types of oil, we will accept up to 5 gallons of other oils per person.

**Important note: Oils mixed with any other products are subject to testing and appropriate fees for disposal. Please keep it separate for proper recycling.**

### **How do I dispose of coolant?**

We will accept antifreeze for a charge. (\$2.00 per gallon) We will accept up to 5 gallons of coolant per person.

**Other options for disposing of used fluids:** Take used oil to the Skagit County Transfer site on 14104 Ovenell Road.
