## PRESS RELEASE

**DATE:** June 12, 2009  
**PROJECT:** SR20/F&S Grade Road and Skagit Industrial Park  
Roadway Improvement Project  
**DESCRIPTION:** SR 20 Lane Closure Notification  
**Prepared by:** Nick Vann, Construction Engineer

### Description of Work

The City of Sedro-Woolley is currently working with Interwest Construction, Inc. and David Evans and Associates, Inc. to construct the SR20/ F&S Grade Road and Skagit Industrial Park Roadway Improvement Project. The project consists of roadway widening and intersection improvements on F&S Grade Road and construction of a single-lane roundabout on SR20 north of the Skagit Industrial Park. Upon successful completion of this project, access to businesses and manufacturing sites in the area will be improved and traffic circulation and safety will be enhanced along SR20 and the F&S Grade road corridor. The access to W. Moore Street directly from SR20 will also be removed and redirected to F&S Grade Road.

Stage 1 work along F&S Grade Road and the west side of SR20 is currently underway and is expected to last until June 26, 2009. Improvements being constructed during this stage consists of roadway widening, intersection safety improvements including a pedestrian refuge island and 90-degree turn lane onto F&S Grade Road, utility relocation, storm system construction, and sidewalk installation.

### Traffic Revisions

During the week of June 15, 2009 to June 19, 2009, the westbound lane of SR20 from east of W. Moore Street to south of F&S Grade Road will be closed daily between the hours of 7:00 a.m. and 4:00 p.m. for construction of roadway improvements. Traffic control devices and flaggers will be in place during the closures and will be directing traffic through the work zone one direction at a time. Traffic delays should be expected along this stretch of SR20 and at the intersection with F&S Grade Road. Access to residences and local businesses will be maintained throughout the duration of this work.

### Contact Information

Questions regarding this project may be directed to Nick Vann, Construction Engineer with David Evans and Associates, Inc., 325 Metcalf Street, Sedro-Woolley, WA 98284 (360) 855-0771 x1029. Thank you for your patience during this important roadway improvement project.
