FOR IMMEDIATE RELEASE

Test site to be closed Monday, January 25; start new hours next week.

Skagit Public Health wants to remind everyone that beginning January 26, the Skagit County Drive Through Testing Site will be moving to new hours and days of operation to complement vaccination clinics being provided at the Fairgrounds. The test site will be **closed** on Monday, January 25 to facilitate logistical changes and staff training at the site.

Beginning on January 26, the drive through testing site will operate Tuesdays, Fridays and Saturdays from 10:00 a.m. – 4:00 p.m. No appointment will be required, but people are encouraged to use Skagit Public Health's new pre-registration system to streamline the testing process. You can find more information at www.skagitcounty.net/coronavirus and [register for testing here.](#)

Vaccines are available to eligible groups by appointment only. Appointment availability is based on dose allocations from Washington State Department of Health. If you would like to schedule an appointment, call the Public Health COVID-19 Hotline at 360-416-1500. Spanish speaking call takers are available.

If you have questions, or need additional information, visit www.skagitcounty.net/coronavirus or call 360-416-1500.
