4 Person Team or Individual Competition

This event seeks to encourage firefighter fitness and demonstrate the profession's rigors to the public. Wearing "full bunker gear" and their SCBA, competitors simulate the physical demands of real-life firefighting by performing a linked series of four tasks including climbing 4-stories, chopping, dragging hoses and rescuing a life-sized, 165 lb. "victim" as they race against themselves, their opponent and the clock. In the team and individual events the top 4 times move on. Top two times will compete for first and second and the third and fourth best times will compete for third place. Winners will receive trophies, prizes (See rules for details). If you do not wish to compete there are other special events that will be held. Such as a fly in by Airlift NW, vendors, apparatus show and small events such as a bucket brigade competition. You are welcome to add your apparatus to the show room, antique or new. Come join the fun. It will be a great experience for all.
