Why Recycle?

Recycling one aluminum can saves enough electricity to run a computer for 3 hours.

Recycling sets a good example for kids, and it helps you feel good!

Recycling aluminum uses 95% less energy than making new aluminum. The energy saved can power a TV for 3 hours. We use over 800,000,000.000 aluminum cans a year. YOU can help the environment one can at a time. The Recycling industry employs tens of thousands of people.
