Project Wrap Up Final Meeting

- (MF/JS) Final thank you to SW AAG members for participation and contributions.
- (JS) Future Role of AAG?
 - (MF) Members who expressed interest will be contacted in first quarter 2022 to review Annual Report - (EJ), (MD), (JJ), and (CS)
- (JS) Annual Reporting Tool discussion
 - (MF) Exact form and content of Annual Report to be determined closer to first quarter 2022.
 - (MF) Report anticipated in Feb/March 2022 to include:
 - Intro: Why City is doing an Annual Report
 - Summary by Element: PROW, Programmatic, Buildings and Parks
 - Tabular Summary of progress: where City is at for barrier inventory, what the City planned to accomplish in previous year, what City plans to accomplish next year
- (JJ) What is timeline for implementing Plan?
 - (MF) David Lee updates curb ramp inventory at the end of each construction season.
 - (MF) Public Works projects are available on the website; safe to assume if there is a road project that ramps will be addressed.
- (JS) Shared GIS Story Map to showcase map-based method for communicating progress. This is an option for City to consider but may not be appropriate given City resources and/or time and ability to provide multiple formats of Annual Report.
